

Affiliated to The A.S.A (West Midland Region) and Warwickshire A.S.A & R.L.S.S

November 2012

Please note that it remains the responsibility of the swimmer to check that their record is recorded and to provide proof if required.

Club Records will be recorded for MALE and FEMALE and are recorded for individual ages from 9-16 and thereafter three age bands -17-29, 30-34, 35-39.

Note: A Record can only be claimed by a swimmer who is the correct age on the day of the claimed recorded swim.

DISTANCES

Records can be claimed for the following distances:

Freestyle 50, 100, 200, 400, 800 and 1500 metres

Backstroke 50, 100 and 200 metres

Breaststroke 50, 100 and 200 metres

Butterfly 50, 100 and 200 metres

Individual Medley 100, 200 and 400 metres

For those 9/U - records can be for 1 length of 33.3m as well as all of the above.

POOL LENGTH

Short Course records - 25 metres (except 9/U, see above)

Long Course records - must be 50 metres

ELIGIBILITY

Records can be claimed by any member of Stratford Sharks whose core training is with the club and who is eligible to compete for the club in the National Swimming League with Stratford Sharks as their first club. Records will be accepted if the swimmer is swimming in a Team Gala for Stratford Sharks or Licenced meet for Stratford Sharks or another club or organisation.

EVIDENCE

Records should be claimed by presenting the official results sheets or an official entry card with the time endorsed by the Referee or Chief Timekeeper of the event (the Referee of the event must be at least an ASA Registered Judge) to the Club Records Coordinator, club championship gala swims will not be eligible.

GENERAL NOTES

The Club will endeavour to identify Records as they are achieved. However, the final responsibility lies with the swimmer to check all Records and, if necessary, contact the Records Coordinator as soon as reasonably possible and in any event not later than 6 months from the date of the claimed record swim.

Records can be claimed using times for "shorter distances" achieved from "longer events" or from relay events. In a relay only the first swimmer can claim a record (and this split must be electronically timed, AOE) and this is not nullified if the team is subsequently disqualified as a result of an infringement by another swimmer later in that race. Records will be recorded to 1/100th of a second and will not be accepted using converted times.

Records can only be established in still water from events held under ASA, Welsh, Scottish or FINA rules. Swims in the Club Championships are not accepted as not all officials are qualified in all sessions.

The Club Management Committee will appoint a Records Coordinator to corroborate claims for Records.

Records will be ratified by the Management Committee.
